Re: INTERNATIONAL STUDENT PILOT PROJECT POST-GRADUATION WORK PERMITS

Dear Sir or Madam,

Arbutus College is pleased to announce that the college has been designated as one of a select group of private colleges in British Columbia to take place in an international student pilot project that will allow students successfully graduating from Arbutus College's programs of eight months or longer in duration to apply for a post-graduate work permit upon graduation. This selection places Arbutus College among the leading private colleges in British Columbia.

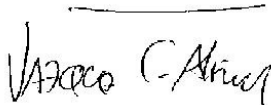

A post-graduate work permit will benefit those students who would like to have the opportunity of employment upon completion of their programs of study and those students who require work experience in BC/Canada in order to qualify for permanent residence.

Arbutus College's programs that qualify for this pilot program are:

Honours Co-op Diploma in Business Management with Specializations (24 months)
Vocational Co-op Diploma in Business Management with Specializations (24 months)
Professional Diploma in Business Management – UT (20 months)
Professional Diploma in Hotel Management – UT (20 months)
Honours Diploma in Business Management with Specializations (10 months)
Co-op Diploma in Business Management (12 months)
Co-op Diploma in Hotel Management (12 months)
Co-op Diploma in International Trade (12 months)
Co-op Diploma in Marketing (12 months)
Co-op Diploma in Office Administration (12 months)
Diploma in Accounting (8 months)

By being part of this very important pilot project, Arbutus College continues its commitment to offer its students the best options to achieve their career goals.

Yours truly

Dr. Alfredo Vazquez
Director
